# WELCOME

Welcome to Draíocht Arts Centre, in Blanchardstown, for the Sixth International Photo Festival 2006. This important event has been organised and sponsored by the Arts Office of Fingal County Council. The aim of this event is to bring together the work of non-professional photographers from many European countries alongside our own Fingal-based photographers.

Since the inception of the Council in 1994, the arts have played an important role in the service delivery of the Council. Photography has always featured high on our priority list, as there are many excellent photographers throughout Fingal.

The staff of the arts office have been instrumental in establishing and supporting nine photographic clubs throughout Fingal. We have also encouraged the creation of cultural links, our own photo clubs and similar photo groups throughout Europe. Out of a total of 242 entries from Croatia, Czech Republic, Denmark, France, Germany, Greece, Hungary, USA, Romania, Russia, Scotland, Serbia, Sweden, Estonia and

England, 20 photographs were selected for exhibition at Draíocht.

I would like to thank all those, whose hard work made this event possible. Special thanks to the festival secretary, *Anna Churcher* and to *Michael Johnson*, *Sarah O'Neill* and *Susan Mooney* from the Council's Arts Office.

Our judging panel this year had a particularly onerous task, and I would offer them my thanks: they are *Tim Durham*, *Tom Jenner* and *Orla Murray*, all full-time photographers.

We are delighted to host the event here in one of Fingal County Council's two Arts centres, Draíocht in Blanchardstown. My thanks to *Emer McGowan*, Director of Draíocht, and most especially to *Carissa Farrell*, Visual Arts Officer, for their valued support with this event.

Finally, I invite everyone to come and enjoy this unique international event.

## WINNER:

**MAGDALENA JELONKIEWICZ** *Ireland*

*Battle at Dusk*

**Magdalena Jelonkiewicz** was born in Poland and has been living in Ireland since 2002. Last year she spent 6 months travelling in New Zealand, South East Asia and India.

The winning photo was taken last July in Hoian, Vietnam. Magdalena met a local boy who volunteered to show her and a travelling companion places around Hoian

‘off the beaten track’. On their way, they passed a field, where a football match was held. The sunset glow and the particles of dust and sand surrounding the players created a mesmerising scene. The curtain of dust enabled Magdalena to shoot against the sun. She used a Canon EOS 300v with a 300mm lens and took just one shot – and that was how the photo was taken!

## SECOND AWARD:

**NIKITIN BORIS** *Russia*

*Depth of Reflection*

**Nikitin Boris** is a doctor living in Maikop in Russia. He is a member of the Artphoto Union Russia and also a member of photoclub Lagonaky. He has participated in 60 International Exhibitions in 27 countries.

His photograph "Depth of Reflection" was taken in 2004, close to the city of Maikop.

## THIRD AWARD:

**KEREKES ISTVÁN** *Romania*

*Preening Dipper*

**Kerekes István** has been taking photographs from the age of fifteen. His favourite topics are nature photography and sociological photography. His works have been shown in 18 countries.

In April 2005, the International Federation of Photographic Art – FIAP gave him the title of Artist of FIAP – AFIAP.

His photograph represents a preening dipper (*Cincluc cinclus*) and was taken this year in February in Transylvania in the rift of the Mures river, in the Carpathian Mountains of Romania. It is a well known fact that Romania hosts the biggest population of nesting dippers in Europe. The photo was taken with a Nikon F90 camera and using Nikkor-Nikon 80-400mm lens.
